

DECLARATION OF EMERGENCY

Department of Health and Hospitals Bureau of Health Services Financing

Outpatient Hospital Services—Non-Rural, Non-State
Hospitals and Children’s Specialty Hospitals
Reimbursement Rate Reduction (LAC 50:V.5313, 5317,
5513, 5517, 5713, 5719, 6115 and 6119)

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:V.5313, §5317, §5513, §5517, §5713, §5719, §6115 and §6119 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act and as directed by Act 13 of the 2012 Regular Session of the Louisiana Legislature which states: “The secretary is directed to utilize various cost containment measures to ensure expenditures remain at the level appropriated in this Schedule, including but not limited to precertification, preadmission screening, diversion, fraud control, utilization review and management, prior authorization, service limitations, drug therapy management, disease management, cost sharing, and other measures as permitted under federal law.” This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

As a result of a budgetary shortfall in state fiscal year 2011, the Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for outpatient hospital services to reduce the reimbursement rates paid to non-rural, non-state hospitals and children’s specialty hospitals (*Louisiana Register*, Volume 37, Number 11).

In anticipation of a budgetary shortfall in state fiscal year 2013 as a result of the reduction in the state’s disaster recovery Federal Medical Assistance Percentage (FMAP) rate, the department promulgated an Emergency Rule which amended the provisions governing the reimbursement methodology for outpatient hospital services to reduce the reimbursement rates paid to non-rural, non-state hospitals and children’s specialty hospitals (*Louisiana Register*, Volume 38, Number 8).

Due to a continuing budgetary shortfall, the department has determined that it is necessary to amend the provisions governing the reimbursement methodology for outpatient hospital services to further reduce the reimbursement rates paid to non-rural, non-state hospitals. This action is being taken to avoid a budget deficit in the medical assistance programs. It is estimated that implementation of this Emergency Rule will reduce expenditures in the Medicaid Program by approximately \$522,183 for state fiscal year 2012-2013.

Taking the proposed rate reductions into consideration, the department has carefully reviewed the proposed rates and is satisfied that they are consistent with efficiency, economy and quality of care and are sufficient to enlist enough providers so that private (non-state) outpatient hospital services and children’s specialty hospital services under the State Plan are available at least to the extent that they are available to the general population in the state.

Effective February 1, 2013, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing the reimbursement methodology for outpatient hospital services to reduce the reimbursement rates.
